2019 Novel Coronavirus (2019-nCoV)

Office of International Education
Fu Jen Catholic University

Please note!

1. There is an ongoing outbreak of respiratory illness first identified in Wuhan, China, caused by a novel (new) coronavirus.
2. Person-to-person spread is occurring. Severe illness has been reported, including deaths.
3. There is currently no vaccine to prevent 2019-nCoV infection.

Protect yourself and others:

1. Avoid trips to China; avoid going to crowded public places.
2. Take temperature, wash hands thoroughly with soap, avoid touching eyes, nose and mouth with unwashed hands.
3. Avoid animals (alive or dead), animal markets, and products that come from animals (such as uncooked meat).

Daily Prevention:

1. Wash your hands often with soap and water for at least 20 seconds. If soap and water are not available, use an alcohol-based hand sanitizer.
2. Avoid touching your eyes, nose, and mouth with unwashed hands.
3. Avoid close contact with people who are sick.

Daily Prevention:

4. Stay home when you are sick.
5. Cover your cough or sneeze with a tissue, then throw the tissue in the trash.
6. Clean and disinfect frequently touched objects and surfaces.
7. Wearing a surgical mask while going to the hospital or taking the public transportation.

Maintain proper indoor ventilation

Wash hands with soap

- Before eating
- After going to the toilet
- Before and after seeing a doctor

Maintain good hygiene and good habit, work happily and live healthily

Fulfill respiratory tract hygiene

- Cover mouth and nose when cough or sneeze

Stay home when you are sick

英文
衛生福利部疾病管制署 廣
TAIWAN CDC 告

Possible Symptoms: Feel sick with fever, cough, or difficulty breathing.....

If you have above symptoms, you should further:

1. Seek medical care right away. Before you go to a doctor's office or emergency room, call ahead and tell them about your recent travel and your symptoms.
2. Avoid contact with others.
3. Put on a surgical mask and do not travel.

If you are in Taiwan, please ~~~

1. Stay put. (Do not walk around!)
2. Call the toll-free **Communicable Disease Reporting and Consultation Hotline, 1922** (or **0800-001922**) and put on a surgical mask and seek immediate medical attention as instructed.
3. Inform the physician of any history of travel, occupation, contact, and cluster (TOCC) to facilitate timely diagnosis and prompt case-reporting.
